Subject

Retail current account holder (customer reference withheld), KYC risk rating medium at onboarding, raised to high on 2026-03-15.

Narrative

Between 2026-03-04 and 2026-03-09 the subject made nine cash deposits of between AED 52,300 and AED 54,900 at three branches, totalling AED 482,100. Each deposit was individually below the AED 55,000 cash transaction reporting threshold (CBUAE AML/CFT Guidelines, Art. 15). The deposits were followed within 48 hours by outward transfers to an unrelated third party. The pattern is consistent with deliberate structuring to avoid reporting.

- Nine cash-credit transactions (references listed in Annex A)
